### The Anti-Canteen Law Has Been Beneficial

By NELSON A. MILES, Lieutenant General U. S. A.

ICH has been said concerning the army canteen, which, when first established, was called the "amusement room" and afterward the "post exchange." It was a place of amusement and recreation for the enlisted men, where they could enjoy reading books and papers, playing games, etc., and could purchase such refreshments, except liq-

uors, as they desired. It was then an eminently successful institution and promoted the contentment and general welfare of the troops. Later, when what was known as the post traders' establishments were abolished, light wines and beers were authorized to be sold in the eanteen. The government has now, by act of congress, prohibited

the sale of intoxicat canteen, and it is be has resulted thereby in the main, been ben composed principally have not formed the and, although the ma ments actually occur recruiting offices are

Since the law was approved-namely, on Feb. 2, 1901-the recruiting stations have been thronged with men seeking enlistment for the service, 25,944 having enlisted since that date, and the percentage of desertions is now far less than in former years.

# Bank account

Save the SCHILLING' BEST BAK-ING POWDER coupons; get your neighbor's coupons and win one of the cash prizes to be paid this month.

Little starts like this have put many persons in the way of bigger things.

Schilling's Best is sure to stay .- It always has in other places.

It will stay here when introduced.

The money will come back to us some day.

This is our plan:
